

## Prenatal Care Options at Michael Garron Hospital

**Obstetrician:** We have several obstetricians on staff with diverse and specialized skills to provide evidence based care for our patients. They provide family and patient centered care for low risk births as well as for patients with health complications or facing high-risk situations. They provide prenatal, labour, childbirth and postnatal care, as well as other reproductive health care such as preconceptional counselling, fertility, contraceptive planning and gynaecological care. Please call the individual physician's community office directly for pregnancy care or have your family physician fax a referral to their office. Referral is not required.

**Midwife:** Free if you live in Ontario, even if you don not have OHIP (provincial health insurance).

**The Midwives' Clinic of East York Don Mills.** Located in Thorncliffe Park, midwives are specialists in low risk pregnancy, labour and birth and have excellent breastfeeding success rates. Your midwives will do home visits in the first week postpartum and will care for you and your baby for 6 weeks after your birth. Your team of midwives will be on call for you 24 hours a day, 7 days a week. Please call 416-424-1976 to book an appointment, or view their website - [themidwivesclinic.ca/](http://themidwivesclinic.ca/).
