

PREPARING FOR YOUR SAME DAY SURGERY ADMISSION

YOUR SURGERY DATE WILL BE ON: _____

APPOINTMENT CANCELLATION: If, you are symptomatic and/or are rescheduling your surgery for any reason please notify your surgeon's office.

WHAT TIME SHOULD I ARRIVE FOR MY SURGERY?

- For your surgery arrival time, please call the Admitting Department the evening prior to your surgery at (416) 469-6381 between the hours of 3 p.m. to 10 p.m. The admitting clerk will tell you what time to arrive at the hospital so that staff can prepare you for your surgical procedure.
- If your **surgery is on a MONDAY**, please call on the Friday (3 p.m. to 10pm) prior to your surgery.
- Note: Please **remove** your nail polish and shower/bathe either the night before or the morning of your surgery.

YOU MUST BE AT THE HOSPITAL AT THE RIGHT TIME, OR YOUR SURGERY MAY BE CANCELLED

Immediately notify your surgeon if you or your household contacts are experiencing any of the following symptoms:

- Fever
- New or worsening cough
- New or worsening nasal congestion
- New or worsening shortness of breath
- Nausea, vomiting or diarrhea
- Sore throat

Please note that if you present any of these symptoms prior to the surgery, your surgery might be postponed.

STOP THESE MEDICATIONS BEFORE SURGERY

- For the following blood thinners, you will be advised at your PAC appointment when to stop:

- Dabigatran (Pradaxa)

(Allowed up to 2 hours before scheduled arrival time)

THE DAY OF SURGERY

- On the morning of surgery, take all your routinely prescribed medications (with sips of water) unless your physician instructs you otherwise.
- Do **NOT** take any medications that have been stopped (refer to medication list). Do not take your diuretics (water pills) or pills for diabetes. If you are a diabetic on insulin, please refer to the instructions you received during your preoperative assessment appointment.

Visitor Policy (Adults):

Pre-Operatively: If you need assistance for mobility and/or require translation preoperatively, one (1) escort/family member may accompany you to the J4 preop surgical suite.

Space in our J4 waiting room is prioritized for patients only. Visitors will be asked to and directed to wait at the J6 visitor waiting room.

Post-operatively for Day Procedures: *Your escort or family member will be contacted when you're ready for discharge. The escort or family member will receive instructions as to the location for your pick-up and be able to participate in your post-op instructions*

What to bring/not bring on the day of surgery?

Please BRING items to the hospital	Please DO NOT BRING
<ul style="list-style-type: none"> ○ Ontario Health Card. ○ Secondary Insurance Information. ○ ALL medications that you are currently taking including inhalers (puffers) and eye drops. ○ A clean pair of socks. ○ Storage cases for glasses/contacts/hearing aids, which should be removed before surgery. ○ Reusable bags for your belongings. ○ Reusable water bottle. 	<ul style="list-style-type: none"> ○ Valuables – the hospital does not take responsibility for lost or stolen items. ○ Jewelry/body piercings – remove and leave ALL jewelry/piercings at home, these items cannot be worn during surgery. <p>NOTE: your surgical procedure could be cancelled if not removed.</p> <p>Personal items – any extra belongings that are not required for this visit should be left with your escort (if possible).</p>

If you are not able to communicate in English and are unable to provide your own interpreter, MGH has a translation service available to translate on your behalf.

Michael Garron Hospital has been working closely with Ontario Health to explore earth-friendly initiatives. Two of the change ideas decided upon are called **BYORB** (Bring Your Own Reusable Bags), and **BYORWB** (Bring Your Own Reusable Water Bottle). We are requesting patients to bring:

- **2 or 3 reusable bags** for your belongings, big enough for your shoes, clothes and jacket.
- **Reusable water bottle:** the water bottle should be **empty** and **not made of glass**.

RECOVERY IN PERIANESTHESIA CARE UNIT (PCU J4/J6) – 4th and 6TH FLOORS

- **Pre-operative (J4)** – To prepare you for your surgical procedure, your nurse will ask some questions, perform a set of vital signs and start an intravenous (IV).
- You will be asked to remove **ALL** your clothing and dentures. You will be provided with a hospital gown and disposable footwear. You will then be asked to wait in the Surgical Pre-operative Waiting room until it is time for your operation.
- **Post-operative (J6, G613)** – You will be in the PCU Recovery Room for 1 – 4 hours, depending on the procedure. Your surgeon and the healthcare team will monitor your progress. Then you will be transferred from PCU Recovery Room to an inpatient bed.
- **Discharge Information** – The healthcare team will notify you of your discharge date ahead of time to allow you to arrange for a responsible person to take you home. Discharge time is 9 a.m. daily. You should plan to have someone stay with you on your first day home.

Note: You should not drive for 24 hours and arrange to have someone stay with you the first night after surgery.
